\$1.00 a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Publisher.

VOL. XVI.

CLAY CITY, KY., THURSDAY JULY 20, 1911.

NO. 29

Mt. Sterling Fair.

Do not overlook the date for the greatest county fair Kentucky has ever afforded. The show classes are filling to the limit. The races are closed and they bid to be both exciting and interesting. The midway will be larger and better than ever. The flying machine and balloon ascension will take place on each afternoon of the fair. The great flying machine race against an automobile race will be given on certain days of the fair, and the famous fox chase will be given on each day except Friday.

One of the very interesting features is that the fair Association will entertain the Clay City School and its teachers on Wednesday and Thursday.

Farm Prosperity.

While grass has been cut a little short this year, the wheat crop in Kentucky was never better, and the prospects for a bumper corn crop is now in sight. The price of hogs, cattle and sheep is good. After all what right has a Kentuckian to complain unless it is at the brand of politicians, and this year there is a noted improvement of these in both the contending parties.

Hardwick & Co., the advertising merchants of Stanton are running a cut-price Clearance Sale that will pay the close buyers to attend. See change in their advertisement this week giving particulars. Read their ad and attend the sale and by so doing save money or buy more goods for the same money.

The black berry crop continues to hang on, though the best ones are most gone. It has been a fine crop and many a gallon has been canned by Powell county housewives since the first of this month.

Sensible Remarks.

Some people are constantly saying: "They knew better than to tackle me. The skunk might say the same."

This is just the kind of weather you were longing for when the wind howled around the barn last winter threatening to blow the horns off the cattle. Pitch in and enjoy it to the full.

The road that goes "over the hills to the poorhouse" is pretty well sprinkled with cigarette stubs, whisky bottles and patent-leather shoe tracks.

When you were courting your wife, you used to sit up half the night and think the nights were not half long enough. How is it now? I tell you, brethren, we ought to do a little bit of courting every day of our lives, as long as we live. That's the way to make home happy.

There is no rule for telling a rascal, but a fine-looking, well-dressed man from the city will sometimes bear watching closely unless well known, for often he is either after your ducats or your daughter, or both. Working the old farmer is far easier than working the bay mule in the corn field; and dudes prefer it.—Farm Journal.

The Flying Man.

J. A. D. McCurdy, a renowned aviator will make flights each day at the big Blue-grass fair. On Tuesday he will fly from Lexington to Winchester carrying a message and return with a message from the Mayor of Winchester. The biplane in which McCurdy will make the trip will leave the fair grounds at 3 o'clock.

The fine rain we had Sunday is keeping things in a good growing condition. It seems to just rain enough to keep crops growing nicely.

Second Crop Potatoes.

Few of our people know it, but a second crop of Irish potatoes can be grown if planted by this time in July, provided it remains seasonable from now until frost. The first crop has been very short many crops not more than returning their seed. If what has been grown is dug and placed in the sun for two or three days and planted they will when planted sprout and come up as readily as old seed potatoes and make a good yield if the season is favorable. Of course only the early kinds will make much crop now that it is so late. It will pay our farmers to plant a few, for, owing to the scarcity of the first crop, seed potatoes are sure to be very high next Spring and second crop potatoes make better seed than the first crop.

Express Companies Scared.

The agitation of a parcels post in Congress by the Democrats who it now seems will be sure to have their own way after 1912, the express companies have given notice that beginning August 1st, 1911 they will make a decrease in their rates amounting to about 17 per cent. It is time these fellows were making some just concessions, but guess they are a little too late. We hope to see them meted out justice by the Interstate Commerce Commission that is now investigating their manner of extorting money from the public.

The Rev. L. S. Fuller, manager of the eastern division of the Kentucky Anti-Saloon League was in the city yesterday. He will lecture in this city the fifth Sunday morning at 11 o'clock; at Stanton in the afternoon and again in this city the fifth Sunday night.

Newton Puckett, formerly of this city, and for some time Station agent at O. & K. Junction and Quicksand, has been promoted to the charge of the Winchester station. Mr. Puckett started at the bottom in railroad affairs and is gradually working his way to the top.

Each school district will elect one trustee at the school house August 5th. This is an important election and men should be elected that have the greatest interest in the school, and a man who is a judge of what a good teacher and a good school are.

Elders J. T. Adams, evangelist and Deward Matherly will begin a series of meetings at the Stanton Christian church Sunday night. They returned yesterday from Jackson where they had gone to hold a meeting.

The booster editions of Western local papers are given to writing columns about the health of their town and county and at the same time giving their many doctors a write-up telling of their large and increasing practice.

Ollie James.

The National Monthly recently had the following to say about Ollie James, our candidate for United States Senator:

Ollie James, Democratic Representative in Congress from Kentucky, is big of brawn and big of brain. He is as big politically, too, as he is big physically. He is a living example of the fact that there are giants in these days as well as in "those days". From tip to tip he measures six feet six inches and he weighs 310 pounds. His brow extends from his eyes to the collar button on the back of his neck, for his head is as bald as a boiled egg, and he can scarce remember the time when a hair grew upon his dome, which shines like a polished billiard ball. He has one pronounced love and one equally pronounced hatred. The one is for horses and the other is for Republicans, not personally, but politically. He will go miles to see and beat a horse race, and twice as far to meet and beat a Republican. In Kentucky, especially, these are qualities which make for popularity, but Ollie's popularity is not confined alone to his native State. His almost child-like simplicity, unvarying good humor, and general character make friends for him everywhere. Personally, he knows no enemies; politically he knows no friends who do not subscribe to the tenets of true Democratic faith. In short, Ollie James is a worthy successor of the long line of distinguished Democrats who have come to Congress to serve their State and the nation.

He stands like some great light-

house, stalwart, firm and loyal among the storms that sweep the politics of this country. Not alone has he the courage of his convictions, but he has the force of character to forge them into activity, and the intellect to guide them into operating causes. He is a fine type of the Democratic politician.

Vaughn's Mill.

Mr. and Mrs. Morgan McKinney, of Winchester, visited friends and relatives at this place Saturday and Sunday.

The eleven-year-old child of Mr. and Mrs. Pete Wells died Sunday morning and was buried Monday evening at the Wells' graveyard.

The revival meeting which has been held at the Methodist church on Hardwick's creek closed Sunday. The meeting lasted two weeks and much good has been accomplished. One of the largest crowds that has been out for some time was present Sunday. The Sunday school was held in the morning, followed by preaching services. Dinner was served on the ground and baptizing in the evening.

The meeting will long be remembered by the good people of Hardwick's creek.

FROM ANOTHER CORRESPONDENT.

Mr. and Mrs. H. M. Curtis visited their father Mr. W. M. Snowden at Darlingsville Sunday.

Misses Elizabeth and Cora Curtis and Master Thomas spent from Saturday till Monday with their uncle, E. D. Curtis, and family at Virden.

In his speech of acceptance of the Republican nomination for Governor of Kentucky last week, Ed. C. O'Rear took occasion to say Bradley was the "greatest living Kentuckian." In this sentence Judge O'Rear showed a spot of weakness. Every body knows that Bradley's election to the United States Senate was just as corrupt as Senator Lorimer's could dare get to be, and should have been investigated more so than the Lorimer case. Every body knows that he formed a partnership with the whiskey interests to win. No one knows this any better than Judge O'Rear. O'Rear poses as the apostle of the temperance cause. If Bradley's acts make him the "Greatest Kentuckian" we would like to ask O'Rear what in his judgment makes a "Great Kentuckian" knowing Bradley as we do and knowing O'Rear also knows him, we are bound to conclude that O'Rear has a bad opinion of Kentuckians, or else is a deception, and is condescending to a low level of political warfare.

If we understand the word "Greatest" as used by O'Rear, and if other Kentuckians were, according to their talents, morally degraded as we learn Bradley is, Kentucky would today be in the saddest plight of any spot of ground on the face of this earth.

The Western Newspaper Union is sending without charges to all papers that will use it, plate matter in the interest of the whiskey traffic. They sent us a proposition to supply our paper with enough matter to make up half the paper without any cost whatever to us. A cheap way to get out a paper, but if we had to use such stuff to get it out the Times would never appear again.

Much space in this matter is devoted to show that more whiskey is sold in local option territory than in wet territory, yet

the whiskey people spend a lot of money at every opportunity to keep a section of country in the condition that will make them sell less whiskey.

Sam Hurst, editor of the Beatyville Enterprise, was indorsed by the recent Republican Convention of Lee county for State Senator from this district. Mr. Hurst is a capable man and we hope to see him or some other man from Estill, Lee, or Powell nominated for the place by the Republicans, as this district is Republican and will likely elect one of this party to office. Madison has furnished the man every time since this district was formed years ago and we think it time some mountain man was being honored. If "time about" is fair play what is "time in half dozen bouts?"

Many Democrats voted the Republican ticket four years ago because the Republicans put a temperance plank in their platform. The Republicans were elected and combined with the whiskey people and elected Bradley U. S. Senator. That's Republican temperance legislation. They are trying to fool the people again.

After the November election Judge Ed. C. will be in the rear not O'er the rear.

While the Republican convention at Louisville last week was anything but fair to the masses of the people and the members of Judge O'Rear relative to Bradley and some other things were very much out of place under the circumstances, and we will frequently comment on this during the campaign, we wish to say this for Judge O'Rear: Previous to this time he has been a model man and has been possibly more than fair to the temperance cause, and the poor man's friend. In office he has never been a bitter partisan and we have heretofore always admired him and yet we think the party has put forth their best man for the office of Governor, a great improvement over what has before been offered by the party. A good man out of politics seems to be a bad man in politics. It should not be so.

We have frequently seen one-man printing machines advertised and other various one-man machines advertised, but until July 11, we never knew what a one-man political machine was. We think O'Rear should be granted a patent on his new machine.

The Western real estate agents, who have taken umbrage at the Times when it would talk about their dry weather and hard winds, and Powell county's advantages, might, with equal propriety, cuss us for spreading the butter on our own bread.

If Bradley is the "greatest living Kentuckian" all the rest of us should be either in the penitentiary or in the reform school.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Charlie Mize went over to Irvine Sunday and returned Monday.

Miss Effie McGlone, of Carter county, is visiting Mrs. E. B. McGlone.

J. P. Colliver, formerly of this city, has moved from Salt Lick to Ashland, Ky.

The school per capita has been fixed at \$4.40. This is the highest ever known in this State.

The infant child of Pete Wells died on Hardwick's creek Sunday from spinal meningitis. Burial Tuesday.

Dr. C. B. Dickson, dentist of Ashland, will be in Clay City all of the week beginning July 10th. At the Red River Hotel.

Dr. Martin reports the birth of a boy to Mr. and Mrs. D. Adams on Sunday, the 16th, and a girl to Mr. and Mrs. Sam Ringo, Tuesday, the 18th.

Well, it has turned cooler, and we have ice with us until it may get so hot again that we can hardly bear it. The cooler it is the easier it seems to get plenty of ice.

Mrs. C. W. Duncan, who has been so low for some time was taken very much worse Monday and for a time it was feared the end was near, but she rallied and is now some better.

Two services and a basket dinner were the features of the Sunday meeting at the Methodist church on Hardwick's creek Sunday. Several from this city were in attendance.

The Census Bureau has announced that center of population of the United States is four and one-fourth miles south of Unionville, Monroe county, Indiana, a change of thirtyone miles westward.

Thos. Shimmessel who located at Phoenix, Ariz., last winter writes home that he is well pleased with his new location and is doing well and that he does not expect to get home before July 1912.

Dog days begin next Tuesday and will last for forty days. If it rains on that day it will be seasonable for the forty days, otherwise it will be dry.

Typhoid fever is epidemic in many cities, but so far there has not been a case reported in this city or county that we have heard of. There is in no year, however, much typhoid fever in this county.

Keep ever in mind the improvement of the county roads this fall and begin the work too, as early as possible. Better begin at once so as to give the roads a good while to settle before the rains come later in the fall.

School Census.

The school census for Kentucky shows that \$750,000 more will be spent for schools during the coming year than was spent in 1906, and it is also announced that Prof. Ellsworth Regenstein, Superintendent of Public Instruction, has saved \$20,000 in his office during the last year, as compared with the amount spent the year previous by Prof. J. G. Crable, who was State Superintendent then.

The school census shows that there are 780,684 children of school age in this State. Of this number 332,796 are white males and 42,193 colored males. The females are divided as follows: 321,797 white and 42,918 colored. Only 36 per cent. of this number attend school, judging from the statistics for previous years, and only 45 per cent. of those enrolled attend. The number of children has grown largely since 1906, when the total number was 508,416. The \$750,000 more that will be spent this year, compared with 1906, is secured from the increase in property values, and also the collection of franchise taxes, money due from county officials and many other sources.

Kill More Than Wild Beasts.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c at Swann-Day Lumber Co.'s store.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.

Put Trust in You

CYRUS L. ADLER
The Piano and Organ Maker

The Nightingale of Organs

MIDDLEMEN WIPED AWAY
I've busted the hot air bubble of the dealers, agents and middlemen of this country by selling direct to the homes at the same price they formerly paid me for my organs.

SEND ME YOUR NAME

whether you want to buy or not and I'll send you free of charge and postpaid the most wonderful organ book and buying plans you ever saw. All the organ men in this country claim they make the best organ but do not give you any proof. I do, and here is the proof. I own my own timber lands, saw mills, my kilns and factory. I do not have to pay one penny of profit for lumber or milling. The profits on other manufacturers pay to lumber and saw mills, I put into my Adler Organs. (The Nightingale of Organs). That's the reason my organ is better than any other make. Another Proof: I guarantee my organs for 50 years, whereas others guarantee theirs for 10 to 12 years. Don't this mean something? My selling plans are the fairest, simplest, safest and easiest ever placed before the American public. In that I grant my customers all the time they want, arrange their payments as it suits their income and circumstances, give them reasonable extensions of time if they can't meet their payments and charge them no interest. Ask some of your neighbors who don't with me about this. This is the best proof you can get. I would just as soon give you \$1,000 as if you saw a dollar's worth of profit.

MY ORGAN (THE NIGHTINGALE OF ORGANS)
has been nearest to the human voice, a pure singing tone that lasts a life time and it won the highest prize at the St. Louis World's Fair, another proof my organs are the best. Everybody is buying an organ these days and everybody is buying an Adler on account of its high quality, wearing qualities, elegant reputation. I am selling them for less than dealers and agents are selling cheaper grade organs and when you stop to think and realize that when you buy from one of these middlemen you must pay his profit, his salesmen's salaries, store rents and other expenses, my offer means a whole lot and stands before you as the king of money savers. My world's greatest organ factory is working day and night, grinding out the organs ordered, and this condition was brought about by the fair and liberal treatment I handed out to my customers, now numbering over 75,000. Whenever I sell an Adler, it sells a dozen more and so on indefinitely. They've stood the test and always will. Quality always wins out.

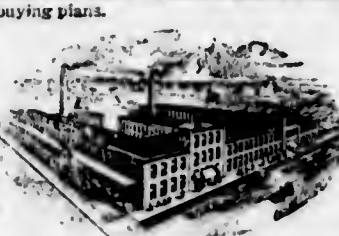

75,000 ADLER OWNERS SAVED \$2,625,000
Before I sold direct to the homes at wholesale factory prices, as I am doing now exclusively, I used to sell to dealers only, but when I found out that they sold my organs for twice and three times as much as they paid me, making the poor people bleed for it, I was thunderstruck and quit. I sent out thousands of notices telling them they couldn't buy another organ from me, that I meant to sell direct to the home, saving them the enormous, unreasonable profits and expenses they were charging them. It came to them as a thunderbolt from a clear sky. In round numbers I've saved my customers (over 75,000 of them) at least \$2,625,000, all of which would have gone to the dealers had I sold the organs through them. You surely appreciate what this means.

Your Piano

My Piano Offer--The Greatest
My high grade world's famous Adler Southern Concert Grand Pianos can be had direct from my factory on the same liberal buying plans as applied to my Adler Organs. In tone, excellence, workmanship, material and finish they have no superior. If an equal, and, I can save you \$100 to \$200. They are artistic in design, built to last a life time, have a tone as clear and pure as a bell, and a wonderful, easy, elastic touch.

Guaranteed for 25 Years
Stool, scarf and instruction book given with every piano. Send for catalogue and buying plans.

The Adler Factory--Greatest in the World

NOW MY PROPOSITION TO YOU
Is simply this, I will ship you, on 30 days free trial, any organ you want, on any reasonable terms you may suggest, just as it suits your income and circumstances. If you keep it at the end of the trial period, which I know you will, you can pay all cash or a small sum down and the balance monthly, quarterly, semi-annually or any other reasonable way. If at any time you can't meet a payment when it's due, I'll gladly give you a reasonable extension of time. You shall not inconvenience yourself by buying an Adler, for I'm going to make it the easiest purchase you ever made. I'll charge you no interest as other organ men are doing. If you don't keep my organ because it's not as represented, you can ship it back at my expense and I'll pay you every cent you paid for freight, so you will lose absolutely nothing. Furthermore, if at any time within a year, my organ does not hold up to every claim I made, you can ship it back at my expense and I'll return to you every dollar of the purchase price with 8 per cent interest and all freight paid. I can agree to do this because I know how my organs are made and positively know they always make good.

50 YEAR GUARANTEE
I guarantee all my organs for 50 years, something no other organ man will do. My guarantee bond is the strongest ever written and if you will ask your banker or any of my local banks or the editor of this paper as to my reliability, you will be told that I am as sound as a rock, that you can safely enter in any transaction with me and that all of my dealings are on the square. Send your name for catalogue and buying plans. You will be under no obligation whatever. Stool and instruction book given with every organ.

TEAR THIS OUT. MAIL TO-DAY
Make a cross in the circle for organ--or piano--or write your name and address on a postal card or in a letter, stating which you want--piano or organ description. Don't enclose any stamp. I pay all charges. Write plainly.

What Mail Orders Will Do.
The mail order business is the backbone of commerce. It unifies much and guarantees nothing. Like patent medicine the directions are always on the inside and you have to buy a non-reputable package before you find out what they are. No mail order house helped to build the little white school house or unpike the road past your door. No mail order house ever took you by the hand when you were in distress, and told you to let that little account go until after harvest next year. No mail order house ever sold you a vehicle and spent every cent of its profits right in the community where you and your neighbor could get it all back again. No mail order house ever shined its patent leather shoes under your table and rejoiced with you when you were glad, nor spoke encouraging words in affliction, nor stood with uncovered head beside the graves when your children died. No, the mail order house is after money. Every dollar it gets its hands on will be jerked out of your neighborhood forever. The mail order house may bear upon its face the semblance of friendship, but no human heart beats under its cloak of hypocrisy. Sentiment to it is unknown. The whole institution is as bloodless as a corpse.

How Editors Get Rich.
After long and careful research, much reflection and prayerful consideration, a great deal of worry and study we have at last figured out how so many country editors get rich. Here is the secret to their success. There is a child born in the neighborhood. The attending physician gets \$10. The editor gives the long-haired youngster a green send off and gets \$0. It is christened, and the minister gets \$5 and the editor gets \$100. It grows and marries. The editor publishes another long-winded, flowery article and tells a dozen lies about "the beautiful and accomplished bride." The minister gets \$10 and a piece of cake. The editor gets \$1000 and a request to carry the groom's subscription account another year. In the course of time she dies. The doctor gets from \$5 to \$100. The editor publishes a notice of her death and an obituary two columns long, lodge resolutions, a lot of poetry, and a card of

thanks and gets \$6,000. No wonder so many country editors get rich.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine--

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women.

Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

Not Simply a Car--but Car Service

Now is the time when you are hesitating to think of the car you intend buying.

Remember, when you buy, that the absolute limit of dollar for dollar return is reached in cash selling and reselling. When you buy more, your return is not in proportion to your investment.

When you buy, buy not simply a car, but car service. Buy correct design, accurate construction and good materials. Buy sound motor car value.

In the MARATHON you get all this. But don't accept our mere statement. For we can convince you of its truth.

We have a catalogue which describes, in detail, the wealth of mechanical excellence, finish and dependability that characterize the MARATHON.

And let's yours for the asking. Won't you ask for it?

MARATHON models include Torpedo Touring Car, Fore Door Touring Car, Standard Touring Car and Roadster, and Torpedo Roadster. Prices from \$1,500 to \$1,700.
